Additional Information	The Holding Account may pay a lower rate of interest than other variable or fixed rate products you can hold within your Online ISA. As such, it should be considered as a short term home for your cash ISA savings. If you are using the Holding Account to consolidate or split your cash ISA savings before opening a specific product, there is a risk that the product or rate of interest you wanted will no longer be available by the time any funds are received. * Tax-free means the interest paid will be free of UK Income Tax and Capital Gains Tax. **AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once each year.
